In an effort to provide affordable care for children enrolled in our school, Hope Lutheran School has established an Extended Care Program, built around the school day, that enables parents to leave their children in an attended program between the hours of 7:00 a.m. (earlier upon special request) and 6:00 p.m. This program is available for children in preschool through 6th grade. A variety of activities are available in which children may participate.

Hope Lutheran School also offers a day care program. Day care is available for children as young as three (who are potty trained) through 6th grade. Like the Extended Care Program, day care hours are between 7:00 a.m. and 6:00 p.m.

Fees

- \$3.50 per hour per child.
- Services are billed by the quarter hour.
